

**DIGITAL
DEVILS**

THANK YOU

DEAR Dr. Petit and THE PETIT Family Foundation,

THE Digital Devils would like to thank you for the support and generous donation to our Robotics team. As you know, it is very expensive to Register and take part in the local Competitions NOT TO MENTION being able to purchase Supplies and Materials in order to engineer and build a Successful Robot. Once again, the entire team is very thankful for your donation and we are already beginning to look ahead to next season and what changes and improvements we can make in the future. Thank you again for your kindness!

Sincerely, THE Digital Devils TERM 5/29
