Dear Dr. Petit and the Grants Committee:

On behalf of The Children's Museum, we'd like to offer our sincere gratitude for the recent grant from the Petit Family Foundation. This generous funding will support a pilot program in which 25 young girls from the Hartford Boys and Girls Club will participate in a four-day science summer camp at the Museum.

We are proud to once again partner with The Petit Family Foundation in furthering the advancement of STEM principles for young women. In addition to learning new things, we ultimately hope to excite them about science and broaden their horizons. Without the Foundation's support, this opportunity would not be possible for these girls.

We welcome you to come in for a visit anytime, or once again join us for a day of the camp, as you did last year. If you'd like to schedule a visit, please contact Jim Williams, Grants Coordinator, at jwilliams@thechildrensmuseumct.org or (860) 725-4001

Thank you again.

Warmest Regards,

Bill
Thanks very much for the continued support of this important initiative to get Hartford girls excited about and engaged in STEM.
Best wishes
